Dear Cyrus,

Thank you for participating in the 12th Annual Privacy Law Scholars Conference.

We'd like to hear from you about how PLSC went, as it was the first time we've held the conference on the Berkeley campus. The feedback survey is here: <https://berkeley.qualtrics.com/berkeley2019>

On sponsorship, we have received a lot of [feedback from our community](#) and discussed the issue extensively. We have decided that because many people in our community, including many members of the Program Committee—a body responsible for selecting papers and best paper awards for PLSC—are uncomfortable with the Palantir sponsorship, Palantir will not sponsor PLSC in future years. We will figure out other issues, such as conference fees, etc. at a later date.

PLSC 2020 will be in Washington, DC, at the George Washington University Marvin Center. We do not have dates yet.

Finally, Cam Kerry invites you to [provide feedback](#) on federal privacy legislation.

Regards, Chris & Dan
